Many people, over many years, have worked very, very hard to make Wichita County's show the best county show around. 2018 should prove to be one of the best county shows ever. However, the quality of the show hinges upon the willingness of the adults and kids to strictly follow the rules set forth by the Wichita County Junior Livestock Association. As well as the willingness of the people of Wichita County to realize that any decisions made by this association and its executive committee will be based on what is best for the **participants** in this show and any future shows.

Thanks in advance for adhering to these rules.
